

Bates Technical College Foundation Scholarships

Need assistance funding your education? Bates Foundation scholarships can help!

The Bates Foundation wants to help every student get the education they deserve, and scholarships from the Bates Technical College Foundation can provide financial assistance for educational expenses including tuition, tools, books, exams and program supplies.

If your financial aid package doesn't cover all of your tuition or you pay your tuition yourself, Foundation scholarships can help you relieve your financial burdens so you can focus on your education. Each quarter, generous donors make it possible for the Foundation to offer general, program-specific and endowed scholarships.
