Modalities

- In-person – Students and faculty will meet in a classroom or lab on campus with regularly scheduled meeting times.
- Online – Classes are taught fully online via Canvas or another online learning management system (LMS). There is an expectation that you log in to the LMS on the date that the class starts (similar to showing up to class). Classes may or may not have set virtual meetings times throughout the quarter.
- Hybrid – A combination of online classes and in-person classes. These courses are taught in a classroom or lab on campus with regularly scheduled meeting times as well as online via Canvas or another online learning management system (LMS).

Bates Technical College is an equal opportunity and non-discriminatory employer and educational institution. 11/05/2021
