

HIGH SCHOOL ORIENTATIONS

Are you ready to jump-start your career? You can earn your high school diploma and an associate degree in an excellent career-training program at the same time, tuition free.

If you're interested in learning more, attending an orientation is required for admittance as a high school student into college programs.

During the orientation, we will lead prospective students through a career and education planning work session that ties to our offerings. We will also provide an overview of the required forms and any other student information needed to successfully enroll in our Technical High School.

2019 - 2020 HIGH SCHOOL ORIENTATIONS
