

FESHE Class Schedule Winter 2023

APPFS101, Fire Protection Strategy

Class #21885 , 5 credits, Online

Tuition \$293.45, Fee \$41.00

Instructor: Garling Kevin

The course examines strategic and tactical decisions guiding students through the process of problem identification and solution response.

January 3 – March 15, 2023

Online Course

Required Textbook: Strategic & Tactical Considerations on the Fireground, ISBN# 978-0-13-444264-8

APPFS102, Fire Protection Systems

Course #21887, 5 credit, Online

Tuition \$293.45, Fee \$41.00

Instructor: Napier Jason

This course familiarizes fire service and other interested personnel with the types, arrangements, and operating principles of systems to address fire detection and alarm systems, smoke management systems, water supply, fire pumps, automatic sprinkler systems, standpipe and hose systems, special extinguishing systems, and portable fire extinguishers.

January 3 – March 15, 2023

Online Course

Required Textbook: Fire Protection Systems, ISBN# 978-1-28-418013-8

APPFS103, Fire Protection Hydraulics

Course #21891, 5 credits, Online

Tuition \$293.45, Fee \$41.00

Instructor: Kurle Jeff

This course provides a foundation of theoretical knowledge to understand the principles of the use of water in fire protection and the application of hydraulic principles to analyze and to solve water supply problems.

January 3 – March 15, 2023

Online Course

Required Textbook: Fire Service Hydraulics and Water Supply, ISBN# 978-0-87939-708-1

APPFS104, Building Construction

Course #21893, 5 credits, Online

Tuition \$293.45, Fee \$41.00

Instructor: Wiwel Brian

This course emphasizes the impact that an understanding of the principles of building construction has on firefighting strategy.

January 3 – March 15, 2023

Online Course

Required Textbook: Building Construction Related to the Fire Service, ISBN# 978-0-87939-594-0

APPFS105, Fire Protection Codes/Inspections

Course #21895, 5 credits, Online

Tuition \$293.45, Fee \$41.00

Instructor: Napier Jon

This course prepares students about the principles and techniques of fire prevention and life-safety inspection and code compliance for the fire inspector role.

January 3 – March 15, 2023

Online Course

Required Textbook: Principles of Fire Prevention, ISBN # 978-1-28-4180237
