To meet the needs of our students impacted by COVID-19, the college has been provided funding from the Department of Education through the CARES Act, HEERF II, and HEERF III. This funding will be used to assist students that would not be able to continue their education due to the financial impacts of COVID-19. The Emergency assistants' awards will be used to assist students with expenses related to the disruption of campus operations due to the coronavirus (including eligible expenses under a student's cost of attendance such as Tuition & fees, food, housing, course materials, technology, health care, transportation, and childcare). The college will award this funding in the following manner.

Our first goal is to assist students meeting their needs for the current quarter. This includes funding for the following areas with the listed maximum award amounts. Funding can't supplant existing aid that has been awarded to the student.

CARES Funding Matrix

Type of Assistance	Quarterly Amounts	Need
Health Care	Up to \$1000	Assistance with medical Expenses (Statement or bill required) due to COVID-19

Dear students:

Due to the COVID-19 pandemic and the significant effects it is having nationwide, the federal government enacted the CARES Act. The CARES Act allows colleges to award emergency financial aid assistance to students who are Title IV eligible. If you have not completed your 2019-20 FAFSA, please go to <https://studentaid.gov/h/apply-for-aid/afsa>.

Bates Technical College is offering emergency assistance to students who experience a financial emergency or unanticipated expenses that cause financial hardship. The goal is to cover expenses that affect a student's ability to stay in college and complete their education. Emergency funding is not intended to provide ongoing relief of recurring expenses or as a consistent supplement for educational purposes.

Please note that the emergency financial aid assistance cannot pay for tuition and fees, nor can it be used to assist students who are not receiving federal funds; however, we will do our best to assist you with other sources of funding that can be used for expenses or applied towards outstanding tuition and fees balances.
