Understanding Your Financial Aid

Understanding Your Award Notification

Financial Aid consist of grants, work-study and loans to help meet your educational expenses. You may accept or reject all or part of your financial aid award offered. However, if you reject an award, a substitute may not be available.

Financial assistance is considered supplemental to the family’s resources, student earnings, and aid received from other resources. Applicants are reminded that they should not depend on financial aid to meet basic living cost.

The Financial Aid Office reserves the right to modify aid commitments at any time based on changes in the student’s financial status, changes in availability of funds, or changes in Federal and State Laws, or Institutional regulations.

The amounts that appear on your Award Letter are based on full-time enrollment (12 credits or more) per quarter. Should you decide to enroll in fewer credits, you are required to notify the Financial Aid Office prior to the start of the quarter. Failing to do so may result in an overpayment in financial aid. If you notify us prior to the start of the quarter, your refund will be adjusted accordingly.

**Work-Study Program (FWS and SWS)**

If you are accepting the federal work study award, there are some additional steps needed in order to switch the award from offered to accepted. To learn about how to apply for work-study please go here https://www.batetech.edu/student-work-study-program/ and follow the steps to apply.

**Refund/Disbursement Procedures**

Bates Technical College does not issue paper financial aid refunds. Once your file is complete and awarded, you will receive a BankMobile Refund Selection Kit in the mail at your home address, it will be in a bright green envelope from BankMobile. Please remember to keep your mailing address updated with the Registration Office, BankMobile Refund Selection Kit are mailed to the address that appears in your student records file.

Student receiving refunds have a choice on how to receive them through BankMobile:

1. Electronic Deposit to another Account.
2. Electronic Deposits to BankMobile Vibe Account.
3. Paper Check delivered by UPS.
BankMobile will notify students when a disbursement/refund is made available. Students can expect a disbursement/refund on the 2nd day of each quarter or within two weeks of receiving their award letter.

Students must be enrolled in an eligible program, awarded for the appropriate credit load, and making satisfactory academic progress. If you are in default on a Federal Direct student loans, you are not eligible to receive Title IV financial aid. If you are in repayment on a Washington College Grant or College Bound, you are not eligible to receive additional funding until the repayment is made in full.

First time borrowers will be subject to a 31 calendar day delay before receiving their first disbursement.

**Calculating Awards**

The primary objective of financial aid is to assist students and their parents in meeting basic educational costs. All financial aid programs at Bates Technical College are administered in accordance with established state and federal regulations and policies. At the core of these policies is the belief that financing a student’s education is the primary responsibility of the student and their family. If combined resources are not sufficient to cover expenses, a student may be eligible for financial aid. A student’s financial aid award is based on a demonstrated financial need. That is calculated as follows:

\[
\text{Cost of Attendance} - \text{Expected Family Contribution (EFC)} = \text{FINANCIAL AID NEEDED.}
\]

**Determining Your Financial Need**

Most financial aid awards are based on demonstrated financial need, which is the difference between the Cost of Attendance (COA) and the Expected Family Contribution (EFC). Cost of Attendance minus Expected Family Contribution equals Need (COA-EFC=Need). The EFC is determined from the information you reported on the Free Application for Federal Student Aid (FASFA). The Cost of Attendance is based on the information listed below. Once your need is determined, your financial aid will be calculated based on eligibility and enrollment for the quarters you will be attending. Some awards are based on availability for funds.
How is Cost of Attendance Established?

Standardized budgets have been established by each college. This means that all students with similar circumstances will receive the same allowance for tuition and fees, room and board, books, supplies, transportation, and miscellaneous expenses. Adjustments may be made on an exception basis to the budget for documented unusual expenses.

State-funded instruction

If the duration of class is other than ten weeks, the refund is calculated based on the equivalent percentage of time. The general refund policy applies to all students in state-supported programs. It is the student’s responsibility to complete a withdrawal form and submit it to the registration office. The date that the withdrawal is received will be used for calculating refunds.

- Refunds will not be granted for students withdrawn for disciplinary reasons.
- Students called for military active duty will be granted a refund of tuition and laboratory/supply/computer use fees paid for the current payment period, subject to the rules and regulations of their respective funding sources. Presentation of written confirmation is required.

The general refund policy applies to all Bates students, regardless of financial aid status. The refund for students registered in courses or programs with an enrollment period other than the standard quarter will be applied on a prorated basis consistent with the general refund policy. Refunds must be requested in writing by the student or the funding agency administrator. Refunds for special programs will be made directly to the funding agency administrator.

Return of Title IV Funds

Students who completely withdraw at or before 60 percent of the quarter may have to return a portion of their Title IV unearned federal financial aid.

The Financial Aid Office is responsible for determining whether the combined total of a student’s aid and other resources exceeds their computed financial need. Students will be notified by mail and are responsible to pay the College charges incurred due to the return of Title IV funds.

The Return of Title IV calculation is the number of days attended divided by the number of days in the quarter.

- Official date of withdrawal
- Total number of days in the semester
- Percentage of Title IV funds earned and unearned
- Amount of funds to be returned

Funds must be repaid in the following order: unsubsidized loan, subsidized loan, PELL Grant and FSEOG.
