CURIOUS ABOUT TECHNICAL HIGH SCHOOL?

Read these Frequently Asked Questions.

1. **What is the difference between a traditional high school and a technical high school?**

   A Technical High School differs from a traditional high school in that the curriculum prepares you for specific, in-demand careers.

2. **Why should I attend a technical high school?**

   Students who attend a technical high school receive technical education that prepares them for a specific career field, in addition to earning a high school diploma through curriculum that teaches math, science, reading, social studies and English classes, and more.

3. **When can I start?**

   You can begin with academic classes every quarter. Start times for specified career training classes depend on availability of seat openings.

4. **How long will it take to graduate?**

   This depends on how many credits you currently have, and your program choice. Many of our programs will take a student between six and nine quarters to earn an associate's degree. Once you earn your degree, you get your diploma too!

5. **How much does it cost?**

   The cost to attend the Bates Technical High School is $FREE$. There are no fees for books or supplies. Student IDs are available for a fee of $10, and students pay for their uniforms and consumables. Bus passes are available for all registered high school students, should they need one.

6. **Who is eligible to attend?**

   You can enroll in the Bates Technical High School when you are 16 years old.

7. **Do you offer English as a Second Language classes?**

   We currently do not offer ESL classes.
